

About BlitzPredict

BlitzPredict is a global platform that opens a new world of opportunity for sports bettors. Using smart contract tools and blockchain technology, users gain access to the best line available in the market at the time of a bet. BlitzPredict also offers guaranteed, instant payouts, access to advanced analytical picks and models, and a suite of customizable tools powered by smart contracts.

The Best Lines

The BlitzPredict Aggregator ensures that predictors always have access to the best lines available in the market at the time of a bet.

Smart Betting

BlitzPredict's Smart Contracts unlock powerful, flexible betting options to allow predictors to execute wagers when certain criteria are met.

BlitzPay

The BlitzPay Liquidity Reserve ensures that predictors will get paid for their correct predictions quickly and securely.

Analytics

BlitzPredict will incentivize sports analytics experts and enthusiasts to share their models and contribute to community projects.

Tournaments

BlitzPredict will sponsor analytics tournaments where participants will be rewarded for delivering the most accurate results.

Syndicates

Experts can form syndicates and solicit contributions from the community. Users can stake the syndicate with XBP.
